

Skinny Jenny

“Skinny Jenny took us directly into prog-jazz territory (increasingly popular in Scandinavia lately, methinks) with heavy King Crimson and Pink Floyd references.”

Skinny Jenny

A group of three seasoned musicians come together in Skinny Jenny to explore the boundaries between different genres. With strong roots in classical, jazz and rock the trio offers a fresh and welcome angle to today's scene. This brand new ensemble consists of musicians who are well known for playing with

Tomasz Stanko and Olavi Uusivirta, as well as well as for the jazz trio HERD. Sit back and enjoy as Skinny Jenny dives into the unknown with their unique combination of "action jazz," indie, and speedy beatnik bop. If you want to know more, you'll just have to come to the show.
